Mike and I met with the DA. Things went well. We sold him on it. Of course you need to come in and speak with him. I do think the four of us should meet once more before you see him. When are you available directly after the New Year?

Jerry/Michael:

Within the last few minutes I have a health emergency with my mother.....

I'm waiting to admit her to a hospital. I'm sorry to have to do this.

Can you do next MON / TUES OR WED

Just to let you know

there is a real opportunity for this project and those above me when I mentioned the potential were extremely excited by it.

So anxious to meet

I apologize, aging parents are tough especially when you really like them !!!!

Let me know you got this

Susan- we're sorry to hear about your mom but completely understand. Having had to care for my aging father I know how difficult and unpredictable these situations are.... I've spoken to Jerry and we're both available next Wed the 19th. I would however ask that you and Patti come to Brooklyn, if possible. I have a bunch of things going on investigation wise and it's important to stay close by. Looking forward to meeting you and discussing the project. Best of luck with your mom. Michael
